## **Colour bank**

- **Complement your colour schemes and moods by specifying what colours along side what patterns for a truly bespoke solution.**
- **Our colour bank has 192 colours carried in stock at all times to be used with either our Customax or Customtuft Patterns**
- **Using simple colour theory guidelines it is possible to meet all your and your clients exacting requirements**
- **Final four cards give you an indication of the breadth of rich colours available from stock**
- **Remember - Caldew Carpet Manufacturers can even dye any colour so your options are endless**

# CCM Colour Bank and Colour Theory

- The 192 yarn dye colours have been chosen to empower the professional Interior Designer or Architect in making the right choices
- Selecting Colours from a single card can provide subtle mood schemes
- Selecting colours from diagonally opposed cards gives complementary schemes
- Selecting from neighbouring cards makes for greater contrasting schemes
