

## *The StockAx Range*

A range of 26 designs, incorporating both Traditional and Contemporary options. CCM works with a Trend Forecast Consultant partner to ensure we take full account of future consumer fashions and design trends, this keeps CCM at the forefront of carpet design and always in keeping with other interior products and furnishings. In this way CCM will maintain it's market leading position in surface pattern and color options available to our Clients.

StockAx is produced with a durable 80% Wool 20% Nylon pile. With some designs available in 0.69m (27") width & others in 0.91m (36") – see actual design details. The finished quality is excellent and comes with a lifetime guarantee against manufacturing faults.

Our Clients can receive any of our StockAx range on two week delivery, from order confirmation.

We have a 3 day reservation policy.

All Caldew Carpets Manufacturers carpets designs are copy right protected any duplication copying or alteration is forbidden with out written consent from ourselves
